

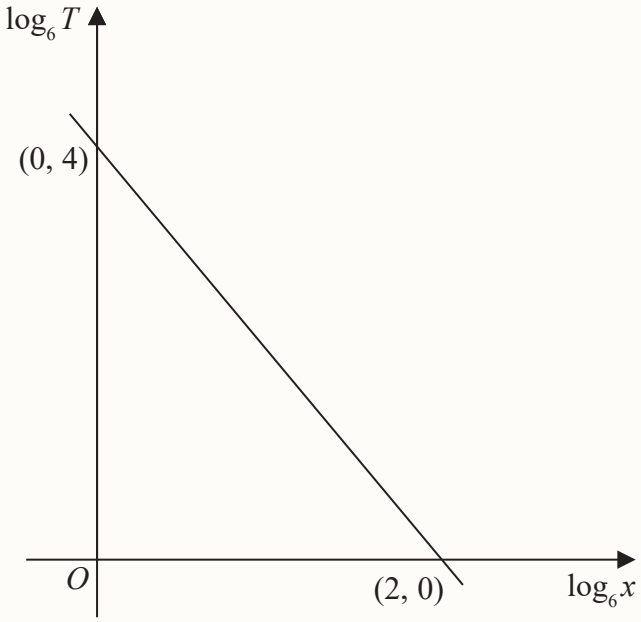

**Figure 1**

Figure 1 shows the linear relationship between $\log_6 T$ and $\log_6 x$

The line passes through the points (0, 4) and (2, 0) as shown.

(a) (i) Find an equation linking $\log_6 T$ and $\log_6 x$

(ii) Hence find the exact value of $T$ when $x = 216$

**(3)**

(b) Find an equation, not involving logs, linking $T$ with $x$

**(3)**
